Townsville City Council (TCC) are pleased to provide a recommendation for Absolute Building Supplies (ABS).

During the height of the COVID pandemic in Townsville, ABS provided immediate and much needed assistance to TCC. The organisation were one of the few suppliers who was able to source PPE products to not just protect the 1700 employees of TCC, but also members of the public who visited TCC's depots, offices, and work sites.

ABS are an innovative local Indigenous supplier who adapted their business to support local councils and organisation throughout the pandemic in a professional and efficient matter.

ABS's recent product innovation, stainless-steel lockable cases, has a widespread application which will allow hygiene products to be placed securely in public places.

Applications for the high quality lockable stainless steel cases that has been recognised by TCC include Parks, playgrounds, bus shelters / public transport, outdoor exercise equipment, public toilets and water fountains, near bins, dog parks, BBQ areas, public seating and within council depots and foyers.

TCC support Absolute Building Supplies in securing long term contracts for supplying these stainless-steel lockable cases and refill products.

Kind Regards

Rob Passmore
Chief Procurement Officer
